You Should research a range of business examples, such as local tradesmen/bakers or national businesses such as Greggs or Tesco, and identify their markets.

You need to describe market size and market share – combine this with research on recent news regarding the business's approach to branding.

One useful source of information on markets is [www.keynote.com](http://www.keynote.com). Newspaper websites could also be used.

Interesting case studies could include:

You should carry out their own surveys using both open and closed questions to enable them to gather quantitative and qualitative information to determine likely demand for new menus in the school canteen, for school business enterprises or for fund raising/charity events.

Government websites are useful secondary sources:

- [www.statistics.gov.uk/hub/index.html](http://www.statistics.gov.uk/hub/index.html)
- [www.statisticsauthority.gov.uk/](http://www.statisticsauthority.gov.uk/)

Students could compare the ice cream brands Wall's, Nestlé and Häagen-Dazs and consider how and why they differentiate their products
