## Week 1

### Inside Aldi: Britain's Biggest Discount Store Part 1

### Channel 5 Documentary

A good business student not only knows their theory, i.e. the content that is on the specification, but also thinks business. Business is a subject that surrounds us all day every day. We start to spot the actions taken by businesses and ask "Why?"; we start to question how we interact with business and the factors that influence our decisions; we start to question what is happening in society and the economy. A good business student is inquisitive.

Start by thinking about what you already know and what your perceptions are. In less than 15 words sum up what you think about Aldi.

Who are the key players in the UK's supermarket industry?

The pie chart below shows what % of the market the 6 biggest UK supermarket chains control. Use your existing knowledge of the industry to try and identify which segment of the chart represents which supermarket chain. 10% of the chart can just be labelled 'other'.

**Market share in the UK supermarket industry**

Check your answer, Supermarkets.

[https://drive.google.com/open?id=1ebzCf6\\_2Uu7rNbUmBAJ-ayEWMYhHy-Rv](https://drive.google.com/open?id=1ebzCf6_2Uu7rNbUmBAJ-ayEWMYhHy-Rv)

**Market share** is the % of an industry controlled by one business. In the example above we could say that:

\_\_\_\_\_ is the dominant business in the UK supermarket industry with a market share of \_\_\_\_\_%. We call this application, applying our knowledge to a specific business or industry. We would describe the industry as competitive. What do you think this means?

---

---

A business will therefore take actions to try and gain market share by having a **competitive advantage**. This means a feature or features of the business that allows it to perform better than others in the industry. Watch the first part (approx. 15 mins.) of the Channel 5 documentary "Inside Aldi".

Draw a spider diagram to show any actions that you think Aldi takes to gain a competitive advantage.

<https://www.channel5.com/show/inside-aldi-britains-biggest-budget-supermarket/>

Whilst watching this video you were introduced to some key business concepts.

The **marketing mix** is the combination of elements of marketing that are used to influence customers buying habits. The four Ps of the marketing mix are product, place, price and promotion.

Sometimes the exam board talks about seven Ps, this includes people, physical environment and process. Is there anything you could now add to your spider diagram?

Aldi gains a competitive advantage by charging low prices. It achieves this by making cost savings. Watch this short YouTube video to learn about total costs.

You may want to download the note taker document here to support you whilst watching this clip.

Is there anything you could now add to your spider diagram?

In business you will learn a lot of new terminology. In this worksheet you have been introduced to 6 key terms.

- Market share
- Competitive advantage
- Marketing mix
- Total costs
- Fixed costs
- Variable costs

You will also be expected to gain confidence in quantitative skills. In this worksheet you have been introduced to quantitative skill (QS) 9: interpret, apply and analyse information in written, graphical and numerical forms.

**Week 2**

**Inside Aldi: Britain’s Biggest Discount Store Part 2**

**Channel 5 Documentary**

In year 1 of Business a lot of the content covered is about **tactics**. These are short term actions taken by a business. In year 2 you study more about **strategy**. These are the medium to long term actions taken by a business.

In the first part of the programme you watched, a statement made about the growth of Aldi in the UK was “It is nothing but good for the supermarket industry and for shoppers”. Here the industry would include competitors and suppliers. Shoppers would include customers and the community. These are called **stakeholder** groups. A stakeholder is anyone who is affected by or interested in the actions of a business. Consider the extent to which you agree with this statement based on each stakeholder’s point of view. Justify your decisions.

Stakeholder	Strongly agree							Strongly disagree		
Competitors	10	9	8	7	6	5	4	3	2	1
Justification										
Suppliers	10	9	8	7	6	5	4	3	2	1
Justification										
Customers	10	9	8	7	6	5	4	3	2	1
Justification										
Community	10	9	8	7	6	5	4	3	2	1
Justification										

An important skill to practice and develop over your studies is the ability to make judgements and fully justify these. We call this skill evaluation.

Watch the second part (approx. 15 mins.) of the Channel 5 documentary “Inside Aldi”. Add to your spider diagram to show any actions that you think Aldi takes to gain a competitive advantage.

<https://www.channel5.com/show/inside-aldi-britains-biggest-budget-supermarket/>

What evidence is there of Aldi successfully cutting costs and increasing efficiency?

A topic you will study in year 1 is **motivation**. Motivation is the reasons why people behave in the manner that they do. A business that can motivate the workforce is likely to gain a competitive advantage. Motivation can take the form of financial incentives e.g. bonuses and non-financial incentives e.g. increased responsibility

What evidence is there of Aldi motivating its workforce?

Business is sometimes a power battle. Big businesses will use their power to influence suppliers. This can be in the form of forcing suppliers to offer lower prices or, in the video you have viewed, forcing suppliers to stop supplying products to a competitor.

Why do big businesses have power?

---

---

---

**Ethics** is behaving in a way that is thought to be morally correct. To what extent do you think the big supermarkets behaved in an ethical manner when faced with the threat of Aldi entering their market?

---

---

---

**Branding** is a promotional method that involves the creation of an identity for the business that distinguishes the business and its products from its competitors. How important is branding to you?

For each of the following products, rate how important brand is to you: 10 being I only ever buy one brand and 1 I will buy any brand. If you have a favourite brand what is it and why?

Product	Importance of brand 10-1	What and Why?
Baked Beans		
Cola Drink		
Bottled Water		
Trainers		
Chewing Gum		
Chocolate		
Pens		
Note Pads		
Batteries		
Smart Phone		

How has Aldi challenged our perception of brands?

In 2013 Aldi had 300 stores in the UK. By 2017 this had increased to 600 and 874 by 2020. An important quantitative skill in Business is the ability to calculate percentage change. Fill in the table below to show percentage change between these years. If you are unsure how to do this watch the following YouTube clip <https://www.youtube.com/watch?v=FOsrkEiZUlg>

<b>2013</b>	<b>2017</b>	<b>2020</b>
300 Stores	600 Stores	874 Stores

In business you will learn a lot of new terminology. In this worksheet you have been introduced to 6 key terms.

- Tactics
- Strategy
- Stakeholders
- Motivation
- Ethics
- Branding

You will also be expected to gain confidence in quantitative skills. In this worksheet you have been introduced to quantitative skill (QS) 2 calculate, use and understand percentages and percentage change.

You have also had a brief introduction to the 4 functional areas of business.

<b>Marketing</b>	<b>Finance</b>	<b>People</b>	<b>Operations/resource management</b>
Branding Competitive advantage Market share Marketing mix	Cost savings Total costs	Motivation	Location Efficiency

**Week 3**

**Inside Aldi: Britain’s Biggest Discount Store Part 3**

**Channel 5 Documentary**

All business courses cover **legal structure** or **business ownership**. This is the legal ownership that a business adopts. This can be **unlimited liability** businesses such as a **sole trader** or **limited liability** companies, be they publicly or privately owned.

Unlimited liability means that the personal assets of the owner(s) are at risk. This means if the business got into debts the owner may have to sell their personal possessions to cover this debt. For example, a sole trader may have to sell their family home and car to cover the debts of the business. Limited liability means that the owners are only responsible for, and therefore only risk losing, the amount they have invested or promised to invest. Their personal belongings are safe.

Watch the third part (approx. 15 mins.) of the Channel 5 documentary “Inside Aldi”.

<https://www.channel5.com/show/inside-aldi-britains-biggest-budget-supermarket/>

What is the legal ownership of Aldi?

What are the advantages and disadvantages of this over being a public limited company?

Advantages to Aldi	Disadvantages to Aldi

Businesses are affected by **external influences**. These are factors outside of the control of the business that can have a positive or negative affect on the business. For example, they may affect costs or **demand**. Demand is the number of customers who are willing and able to buy goods at a given price at a given point in time.

Watch this short YouTube video to learn about demand. You may want to download the note taker document here to support you whilst watching this clip.

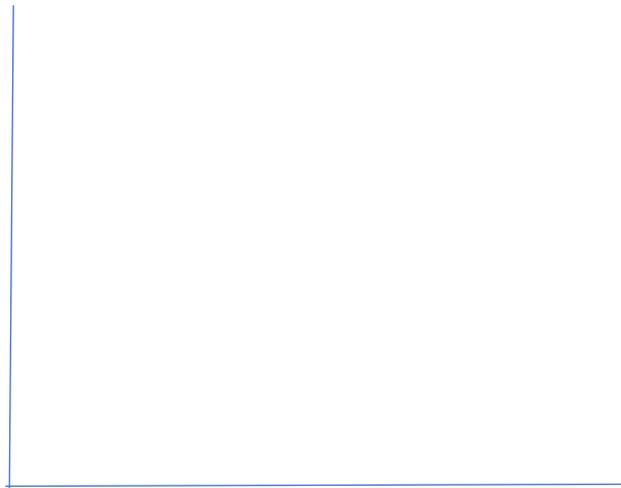

YouTube <https://www.youtube.com/watch?v=YuV9RRqahVY&t=107s>

One external factor affecting Aldi was the Financial Crisis.

Was the financial crisis a positive or negative influence for Aldi? Justify your answer.

Can you support your answer above with a demand curve. Think what happened to demand and draw a diagram to illustrate this.

Businesses may target a specific **market segment**. Market segmentation is the process of categorising customers into groups with similar characteristics. One way of segmenting the market is by income or socio-economic group.

Socio-economic groupings

A – Higher managerial such as chief executives and directors

B – Intermediate managerial such as solicitors, accountants and doctors

C1 – Supervisory, clerical or junior professional such as teachers and junior managers

C2 – Skilled manual such as plumbers, electricians and carpenters

D – Semi and unskilled workers such as refuse collectors and window cleaners

E – Pensioners, casual workers, students and unemployed

What evidence is there of Aldi's market segment having changed over time?

Consider the other supermarkets competing in this industry. What do you think is the market segment targeted by each one? Remember one supermarket can target multiple segments.

A	B	C1	C2	D	E

**Week 4**

**Inside Aldi: Britain’s Biggest Discount Store Part 4**

**Channel 5 Documentary**

Many established businesses will have an **objective of growth**. This can be done **internally (organically)** where the business grows in its own right e.g. opening new stores or expanding its product range. Or it can be done **externally (inorganically)** by acquiring other businesses.

Watch the fourth part (approx. 15 mins.) of the Channel 5 documentary “Inside Aldi”.  
<https://www.channel5.com/show/inside-aldi-britains-biggest-budget-supermarket/>
