

Bridging work for year 12 into 13 for Predictions Grade E and D

You need to access the practice book from your active learn account. Remember this is **practice** book. All work need to complete in an exercise book with clearly written title for each section and will be collected in your first lesson.

<https://www.pearsonactivelearn.com/app/home>

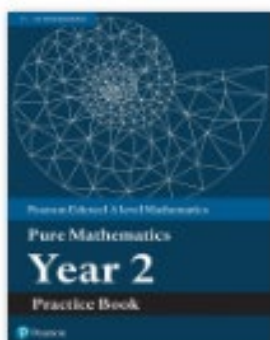

You can find your login details from the email that I sent on early January.
