Park High School Anti-Bullying Policy

This Policy is based on DfE guidance "[Preventing and Tackling Bullying](#)" July 2017 and supporting documents. It also takes into account the DfE statutory guidance "[Keeping Children Safe in Education](#)" 2022 and the new guidance '[Sexual violence and sexual harassment between children in schools and colleges](#)' May 2018.

Introduction

We are committed to providing a caring, friendly and safe environment for all our students, staff and visitors at Park High School so they can learn and work in a relaxed and secure atmosphere. Bullying of any kind is unacceptable at our school. If bullying does occur, all students, staff and visitors should be able to tell and know that incidents will be dealt with promptly and effectively. Anyone who sees bullying is happening is expected to report it.

Policy objectives:

1. This Policy outlines what Park High School will do to prevent and tackle all forms of bullying.
2. The Policy has been adopted with the involvement of the whole school community.
3. Park High School is committed to developing an anti-bullying culture where the bullying of adults, children or young people is not tolerated in any form.
4. The Policy has been developed with regard to the Public Sector Equality Duty (PSED) which came into effect in April 2011 as a result of the Equality Act 2010. This requires public bodies to promote equality and replaced three pre-existing duties relating to disability, race and gender equality.

Links to legislation

- The Equality Act 2010
- The Children Act 1989
- Protection from Harassment Act 1997
- The Malicious Communications Act 1988
- Public Order Act 1986

Responsibilities

It is the responsibility of:

- School Governors to take a lead role in monitoring and reviewing this Policy.

- All staff, including: governors, senior leadership, teaching and non-teaching staff, to support, uphold and implement this Policy accordingly.
- Parents/carers to support their children and work in partnership with the school.
- Students to abide by the Policy.

Definition of bullying

- Bullying is “behaviour by an individual or a group, repeated over time that intentionally hurts another individual either physically or emotionally”. (DfE “Preventing and Tackling Bullying”, July 2017)
- Bullying can include: name calling, taunting, mocking, making offensive comments; kicking; hitting; taking belongings; producing offensive graffiti; gossiping; excluding people from groups and spreading hurtful and untruthful rumours.
- Bullying may be driven by a prejudice - This might be homophobia, racism, or victimising those who have special needs or disabilities. It may be picking on a student because they are cared for away from home or it may be picking on a student who cares for a sick relative.
- This includes the same unacceptable behaviours expressed online, sometimes called online or cyberbullying. This can include: sending offensive, upsetting and inappropriate messages by phone, text, instant messenger, through gaming, websites, social media sites and apps, and sending offensive or degrading photos or videos.
- Bullying can be a form of peer-on-peer abuse and can be emotionally abusive; it can cause severe and adverse effects on children’s emotional development.

Responding to bullying

The following steps may be taken when dealing with all incidents of bullying reported to the school:

- If bullying is suspected or reported, the incident will be dealt with immediately by the member of staff who has been approached or witnessed the concern.
- The school will provide appropriate support for the person being bullied – making sure they are not at risk of immediate harm and will involve them in any decision-making, as appropriate.
- The Head of Year (HOY), Pastoral Support Assistant (PSA) or another member of leadership staff will interview all parties involved.
- The Designated Safeguarding Lead (DSL) will be informed of all bullying issues where there are safeguarding concerns.
- The school will inform other staff members, and parents/ carers, where appropriate. Parents will be kept informed and are discouraged from taking matters into their own hands and should not approach a suspected student but speak to a member of staff.
- Sanctions (as identified within the school Behaviour Policy) and support for individuals will be implemented, in consultation with all parties concerned.
- If necessary, other agencies may be consulted or involved, such as: the police (if a criminal offence has been committed) or other local services including early help or children’s social care (if a child is felt to be at risk of significant harm).
- Where the bullying takes place off school site or outside of normal school hours (including cyberbullying), the school will ensure that the concern is fully investigated when this is appropriate. If within the school’s remit, action will be taken, including providing support and implementing sanctions in accordance with the school’s Behaviour Policy. Where necessary and appropriate we will involve external agencies including our Safer School Police Officer.
- A clear and precise account of the incident will be recorded by the school in accordance with existing procedures. This will include recording appropriate details regarding decisions and action taken.
- Each incident of actual or alleged bullying will be unique in its representation and its level of impact on the individuals concerned. Therefore, it is important that the school is given the opportunity to tailor a strategy to address the situation and to support the bullied student according to the particular incident/s.

Cyberbullying

When responding to cyberbullying concerns, the school will:

- Act as soon as an incident has been reported or identified.
- Provide appropriate support for the person who has been cyberbullied and work with the person who has carried out the bullying to ensure that it does not happen again.
- Encourage the person being bullied to keep any evidence (screenshots) of the bullying activity to assist any investigation.
- Take all available steps where possible to identify the person responsible. This may include:
 - looking at use of the school systems;
 - identifying and interviewing possible witnesses;
 - contacting the service provider and the police, if necessary.
- Work with the individuals and online service providers to prevent the incident from spreading and assist in removing offensive or upsetting material from circulation. This may include:
 - support reports to a service provider to remove content if those involved are unable to be identified or if those involved refuse to or are unable to delete content.
 - confiscating and searching students' electronic devices, such as mobile phones, in accordance with the law and also the school searching and confiscation Policy.
 - requesting the deletion of locally-held content and content posted online if they contravene school behavioural policies.
- Ensure that sanctions are applied to the person responsible for the cyberbullying; the school will take steps to change the attitude and behaviour of the bully, as well as ensuring access to any additional help that they may need.
- Inform the police if a criminal offence has been committed.
- Provide information to staff and students regarding steps they can take to protect themselves online. This may include:
 - advising those targeted not to retaliate or reply;
 - providing advice on blocking or removing people from contact lists;
 - helping those involved to think carefully about what private information they may have in the public domain.

Supporting students

Students who have been bullied will be supported by:

- Reassuring the student and providing continuous support.
- Offering an immediate opportunity to discuss the experience with their teacher, the designated safeguarding lead, or a member of staff of their choice.
- Being advised to keep a record of the bullying as evidence and discuss how respond to concerns and build resilience as appropriate.
- Working towards restoring self-esteem and confidence.
- Providing ongoing support; this may include: working and speaking with staff, offering formal counselling, engaging with parents and carers, referral to the '*Oakwood Project*'.
- The Oakwood Project is a bespoke initiative for students in all Years 7-13 to join and learn how to become Anti-Bullying Ambassadors to support their peers in the school community, by raising awareness of the impact of bullying and encouraging and supporting other students to talk about what is happening so that all incidents of bullying can be tackled and addressed.
The Training is provided by The Diana Award.

- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this could include support through Early Help or Specialist Children's Services, or support through Child and Adolescent Mental Health Services (CAMHS).

Students who have perpetrated the bullying will be helped by:

- Discussing what happened, establishing the concern and the need to change. Informing parents/carers to help change the attitude and behaviour of the child. Providing appropriate education and support regarding their behaviour or actions.
- If online, requesting that content be removed and reporting accounts/content to service provider.
- Sanctioning, in line with school Behaviour Policy; this may include official warnings, detentions, removal of privileges (including online access when encountering cyberbullying concerns), Internal Exclusion and fixed-term or permanent exclusions.
- Where necessary, working with the wider community and local/national organisations to provide further or specialist advice and guidance; this may include involvement from the Police or referrals to Early Help, Specialist Children's Services, or Child and Adolescent Mental Health Services (CAMHS) as appropriate.

Supporting adults

Our school takes measures to prevent and tackle bullying among students; however, it is equally important to recognise that bullying of adults is unacceptable. The school will refer to other policies in place that will manage any allegation of bullying of an adult. Each case will be assessed individually and the school will tailor a strategy to address the situation.

Preventing bullying

Environment

The whole school community will:

- Create and support an inclusive environment which promotes a culture of mutual respect, consideration and care for others, which will be upheld by all.
- Recognise that bullying can be perpetrated or experienced by any member of the community, including adults and children (peer on peer abuse).
- Openly discuss differences between people that could motivate bullying, such as: religion, ethnicity, disability, gender, sexuality or appearance related difference. Also children with different family situations, such as looked after children or those with caring responsibilities.
- Challenge practice and language which does not uphold the values of tolerance, non-discrimination and respect towards others.
- We will utilise curriculum opportunities, in particular tutor time and PSHCEe classes where issues of diversity are discussed and anti-bullying messages are drawn out.
- Use of opportunities throughout the school calendar and at certain times of the school day to raise awareness of the negative consequences of bullying e.g. Anti-Bullying Week in November of each year.
- Developing and embedding our Character Education framework.
- Be encouraged to use technology, especially mobile phones and social media positively and responsibly.
- Work with staff, the wider community and outside agencies to prevent and tackle concerns including all forms of prejudice-driven bullying.
- Actively create "safe spaces" for vulnerable children and young people.
- Celebrate success and achievements to promote and build a positive school ethos.

Involvement of students

We will:

- Involve students in policy writing and decision making, to ensure that they understand the school's approach and are clear about the part they have to play to prevent bullying.
- Regularly canvas children and young people's views on the extent and nature of bullying. Ensure that all students know how to express worries and anxieties about bullying.
- Ensure that all students are aware of the range of sanctions which may be applied against those engaging in bullying.
- Involve students in anti-bullying campaigns in schools and embedded messages in the wider school curriculum.
- Publicise the details of internal support, as well as external helplines and websites.
- Offer support to students who have been bullied and to those who are bullying in order to address the problems they have.

Involvement and liaison with parents and carers

We will:

- Take steps to involve parents and carers in develop policies and procedures, to ensure they are aware that the school does not tolerate any form of bullying.
- Make sure that key information about bullying (including policies and named points of contact) is available to parents/carers in a variety of formats.
- Ensure all parents/carers know who to contact if they are worried about bullying and where to access independent advice.
- Work with all parents/carers and the local community to address issues beyond the school gates that give rise to bullying.
- Ensure that parents work with the school to role model positive behaviour for students, both on and offline.
- Ensure all parents/carers know about our complaints procedure and how to use it effectively, to raise concerns in an appropriate manner.
- Encourage parents/carers to utilise our pastoral reporting system to raise a concern as swiftly as possible so that the school may intervene and take action.
