1. Aims

Our school aims to meet its obligations under the public sector equality duty by having due regard to the need to:

- Eliminate discrimination and other conduct that is prohibited by the Equality Act 2010
- Advance equality of opportunity between people who share a protected characteristic and people who do not share it
- Foster good relations across all characteristics – between people who share a protected characteristic and people who do not share it

2. Legislation and guidance

This document meets the requirements under the following legislation:

- The Equality Act 2010, which introduced the public sector equality duty and protects people from discrimination
- The Equality Act 2010 (Specific Duties) Regulations 2011, which require schools to publish information to demonstrate how they are complying with the public sector equality duty and to publish equality objectives

This document is also based on Department for Education (DfE) guidance: The Equality Act 2010 and schools.

This document also complies with our funding agreement and articles of association.

3. Roles and responsibilities

The governing board will:

- Ensure that the equality information and objectives as set out in this statement are published and communicated throughout the school, including to staff, students and parents
- Ensure that the published equality information is updated at least every year, and that the objectives are reviewed and updated at least every 4 years
- Delegate responsibility for monitoring the achievement of the objectives to the headteacher

The headteacher will:

- Promote knowledge and understanding of the equality objectives amongst staff and students
- Monitor success in achieving the objectives and report back to governors
- All school staff are expected to have regard to this document and to work to achieve the objectives as set out in section 8.

This policy applies to all staff, governors and parents or carers.

4. Eliminating discrimination

The school is aware of its obligations under the Equality Act 2010 and complies with non-discrimination provisions.

Where relevant, our policies include reference to the importance of avoiding discrimination and other prohibited conduct.

Staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.

New staff will receive training on the Equality Act as part of their induction, and all staff will receive refresher training annually.

The school has a designated member of staff for monitoring equality issues, and an equality link governor. They regularly liaise regarding any issues and make senior leaders and governors aware of these as appropriate

5. Advancing equality of opportunity

As set out in the DfE guidance on the Equality Act, the school aims to advance equality of opportunity by:

- Removing or minimising disadvantages suffered by people which are connected to a particular characteristic they have (e.g., students with disabilities, or gay students who are being subjected to homophobic bullying)
- Taking steps to meet the particular needs of people who have a particular characteristic
- Encouraging people who have a particular characteristic to participate fully in any activities (e.g., encouraging all students to be involved in the full range of school societies)

In fulfilling this aspect of the duty, the school will:

- Publish attainment data each academic year showing how students with different characteristics are performing
- Analyse the above data to determine strengths and areas for improvement, implement actions in response and publish this information

6. Fostering good relations

The school aims to foster good relations between those who share a protected characteristic and those who do not share it by:

- Promoting tolerance, friendship and understanding of a range of religions and cultures through different aspects of our curriculum. This includes teaching in Philosophy and Ethics, and Personal, Social, Health Citizenship and Economic (PSHCE) education, but also activities in other curriculum areas. For example, as part of teaching and learning in English/reading, students will be introduced to literature from a range of cultures.
- Holding assemblies dealing with relevant issues. We will also invite external speakers to contribute

- Working with our local community. This includes inviting leaders of local faith groups to speak at assemblies, and organising school trips and activities based around the local community
- Encouraging and implementing initiatives to deal with tensions between different groups of students within the school. For example, our school council has representatives from different year groups and is formed of students from a range of backgrounds. All students are encouraged to participate in the school's activities, such as sports clubs. We also work with parents to promote knowledge and understanding of different cultures
- We have developed links with people and groups who have specialist knowledge about particular characteristics, which helps inform and develop our approach

7. Equality considerations in decision-making

The school ensures it has due regard to equality considerations whenever significant decisions are made.

The school always considers the impact of significant decisions on particular groups. For example, when a school trip or activity is being planned, the school considers whether the trip:

- Cuts across any religious holidays
- Is accessible to students with disabilities
- Has equivalent facilities for boys and girls

The school keeps a written record (known as an Equality Impact Assessment) to show we have actively considered our equality duties and asked ourselves relevant questions. This is recorded at the same time as the risk assessment when planning school trips and activities. The record is completed by the member of staff organising the activity and is stored electronically with the completed risk assessment.

8. Equality objectives

Objective 1

To use data to monitor student achievement behaviour and respond to variations between groups of learners, subjects, courses and key stages, trends over time and comparisons with other schools.

Why we have chosen this objective:

- Identify key trends and good practice.
- To identify key groups who are underachieving, or subject to increased behaviour concerns
- To reduce the gap between disadvantaged and non-disadvantaged students.

To achieve this objective, we plan to:

- Support leaders to frequently interrogate data and generate actions to improve performance or outcomes
- Evaluate the impact of the actions and amend strategies as appropriate.

Progress we are making towards this objective:

- All Middle and Senior Leaders will receive training on data analysis
- Regular review and reporting of data analysis, with through line management, or, when appropriate, the Governing Body.

Objective 2

To ensure that all students are given the opportunity to make a positive contribution to the life of the school, particularly focusing on developing leadership opportunities for all students.

Why we have chosen this objective:

- We have identified that student leadership opportunities are not consistent across year groups
- To ensure that student leadership positions reflect the cohort of the school

To achieve this objective, we plan to:

- Audit current leadership opportunities to develop an understanding of impact
- Develop a long-term strategy to raise the profile and impact of student leadership across the school.

Progress we are making towards this objective:

- Appointed an Associate Assistant Headteacher to undertake this work and report to the Headteacher and Governors

Objective 3

To foster good relations between diverse groups through the use of tutor time, assemblies, Philosophy and Ethics and the PSHCEe curriculum.

Why we have chosen this objective:

- To develop strategies to work with our hard-to-reach communities
- To respond effectively to the changing and diverse cohort of the school

To achieve this objective, we plan to:

- Embed Character Education throughout the pastoral and academic curriculum
- Work with partner agencies to develop understanding and collaborative working with our community.

Progress we are making towards this objective:

- Appointed an Associate Assistant Headteacher to develop Character Education and report to the Headteacher and Governors
- Investigating suitable agencies to work with the school in response to need
- Developing an action plan to evaluate the impact of strategies employed

Objective 4

Train all members of staff and governors involved in recruitment and selection on equal opportunities and non-discrimination by the beginning of the next academic year, September 2023. Training evaluation data will show that 100% of those attending have a good understanding of the legal requirements. Develop an ongoing programme for induction of new staff.

Why we have chosen this objective:

- The school have identified areas that can be developed across the staffing body
- To ensure that the school's robust approach to Equal Opportunities is referenced and recorded

To achieve this objective, we plan to:

- Allocate whole school CPD for all staff and governors to develop understanding of the legal requirements
- Ensure that staff and governors are regularly reminded of their responsibilities under the Equality Act, for example during meetings. Where this has been discussed during a meeting it is recorded in the meeting minutes.
- Ensure that Equal Opportunities is part of all staff induction (Teaching and Support)

Progress we are making towards this objective:

- Senior and selected Middle Leaders have undertaken training delivered by Equaliteach in Summer 2022.

Objective 5

To celebrate diversity of achievement in all aspects of school life and develop a programme of activities and events to further enrich this offer, including extra-curricular activities.

Why we have chosen this objective:

- We have identified that monitoring needs to be robust to evaluate students who are benefiting from the offer
- To ensure that opportunities are offered to a diverse range of students, representative of the cohort. This will be targeted if appropriate

To achieve this objective, we plan to:

- Ensure records of opportunities and interventions are recorded and analysed. The data will be shared with leaders to evaluate.
- Monitor impact of activities through a range of sources, including student voice and behaviour/attainment data.

Progress we are making towards this objective:

- Provision maps are established in year groups to track opportunities and interventions
- AHT allocated responsibility for collating a record of the offer available to all students.

9. Monitoring arrangements

The Whole School and Community (WSC) Committee of the governing body will update the equality information we publish, at least every year.

This document will be reviewed by governing body at least every 4 years.

This document will be approved by the full governing body.
