

Paper 1 Investigating Geographical issues:

- This will be 1 hour and 45minutes.
- It will have '3' sections, worth 32 marks (+4 for SPG) each

Section 1 will cover Theme 1: Changing Places-Changing Economies	Section 2 will cover Theme 2: Changing Environments	Section 3 will cover Theme 3: Environmental Challenges
Specifically: <ul style="list-style-type: none">○ Indicators of development○ Sustainable communities○ Urbanisation○ Greenfield and brownfield○ Population change○ Issues in rural areas○ Globalisation○ Fair Trade and Aid	Specifically: <ul style="list-style-type: none">○ River processes and features○ River management techniques○ Flooding and management○ Coast and coastal management	Specifically: <ul style="list-style-type: none">○ Water supply○ Water security○ Water management

Paper 2 Problem Solving Geography:

- This will be 1 hour and 30minutes.
- It will have '3' sections and will be worth 60 (+4SPG) in total.

It will be based on some of what you have had to revise for Paper 1 – so make sure you have revised all of the things above. The first section is similar to Paper 1, then you will be introduced to some new content, the third section is where you will need to make a decision.

General Geography:

You should be able to read OS maps and calculate distance, and read map symbols. Use mapzone to help you revise map-skills
