Message from the Assistant Headteacher

Welcome back everyone. We hope you had a restful and enjoyable half term break and have returned feeling refreshed and ready for the weeks ahead. As we begin a new half term, this is a great opportunity to reset, refocus and make the most of every lesson, every opportunity and every day in school.

Please remember the small things that make a big difference:

- Be punctual and arrive to school and lessons on time.
- Maintain pride in good attendance. Your target is 95%.
- Wear your uniform with pride and ensure it meets school expectations.
- Bring the correct equipment each day so you are ready to learn.
- Show respect and kindness to others, both in and out of lessons.
- Ask for support if you need it. There are always staff available to help.

This half term promises to be a busy one, with lots of opportunities to get involved in clubs, enrichment activities, leadership opportunities and school events. We encourage everyone to challenge themselves, try something new and make positive contributions to our school community.

As always, your wellbeing remains important. If you have any worries or concerns, please speak to a trusted member of staff. Looking after ourselves and each other is everyone's responsibility.

Let's work together to make this a successful and positive half term. We look forward to seeing the effort, determination and achievements that each of you will bring.

Welcome back, and let's make this half term our best one yet!

Mr Tromans

WORD OF THE WEEK

Resilient | adjective

Able to recover quickly from difficulties

MESSAGES FROM HEADS OF YEAR

Year 7

We start a new half term after an excellent Review Day. You now have 3 goals to achieve this year. But remember: "Setting goals is easy but starting and continuing the journey is hard. When the times get tough remember your why." This half term is the start of you working on achieving those goals - but remember the 'why'? Because you are here to become the best version of yourself!

What does that look like?

It means being the best learner you can be in every lesson and the best person you can be in every interaction. Alongside consolidating habits to make you successful, this half term you are going to be focusing on securing your knowledge and having positive interactions with your peers. You need to learn the practise of the 4 P's of learning: Prepared for learning, Pride in presentation, Proactive in lessons, Persist after lessons. These are the key ingredients you need to secure knowledge in preparation for your assessments.

Tutor Group	Form Captains		House Captain
AK	Amina Lielle Halip	Mohammed Shouayek	Romaldo Soares da Gama
AO	Dhruva Patel	Kavish Patel	Edward Bodnari
AG	Yusuf Shaffi	Bonnie-Rae Ellerton-Wenn	Noe Nistor
AH	Sahil Limani	Melissa Ahmeti	Samuel Arnold
KM	Mahi Pabari	Karleo McLeod-Denny	Ella Robinson
MK	Bianca Jurovschi	Amos Rojoc	Henil Patel
NK	Harit Shah	Rahil Rahimi	Reeva Rabadiya / David Tacu
RL	Delia Bandas	Eduard Circiu	Hassan Serkal
YA	Shreya Vishram	Riyan Halai	Ilyaas Meah

It is also essential how you speak and treat one another. Park is a school of character. One virtue that is key to your success in and outside of school is that of compassion. Being good to others is not an option, it is a better way of being. We are going to identify ways in which you can be good to one another and learn how to have positive interactions.

I also want to thank the Form and House Captains who will begin the job of helping Mrs Ali and I to support the Year group. Congratulations to the below students for being nominated Form and House Captain.

Mr Fowler

Year 8

As we start the second half term together, I want to say a huge well done to all of Year 8. You have worked hard, shown resilience and continued to grow as a year group.

Over the half-term break, I hope you took the time to rest, recharge and enjoy spending time with family and friends. Looking after your wellbeing is important to recover after a busy start to the year.

I also hope you spent some of the holiday completing any outstanding work and that you have returned to school feeling confident and organised. A little time spent now can make a big difference.

We now begin the journey towards Christmas, which is always one of the busiest and most exciting parts of the school year. Let's start refreshed, proud of what we have achieved so far, and ready to make the next half term even more successful.

Mrs Capp

MESSAGES FROM HEADS OF YEAR

Year 9

Welcome back Year 9 - I hope you had a relaxing half term, spent time outdoors and maybe even had time to go to the Vue in Harrow!

This is another busy half term with exciting opportunities on the horizon. We will be having a rewards trip in December, so if you want to be invited to this, now is the time to be getting as many achievement points as possible to be eligible.

With the two weeks off, it might take you a day or two to get back into the routine of school life. It is vital that you are organised and come to school every day prepared and your form tutors will be checking you are ready every day this week with equipment and uniform checks.

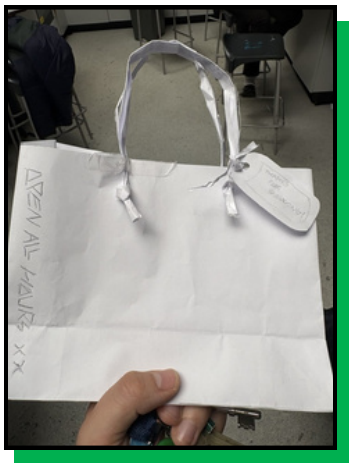

As the weather gets colder, many of you will be wearing coats into school. Remember that coats should not be worn in the school building or in lessons and you will need to take them off as soon as you go inside.

I was very impressed with the amazing work you all did in Art and D&T last term and was blown away by these creations from students in 9HG/c!

Have a good week Year 9.

Mr Hargreaves

Year 10

Welcome back! We hope you have had a restful break and are ready for a fresh start. This half term is an opportunity to build on your knowledge, continue to explore your subjects and show resilience, curiosity and determination in everything you do.

We also have some exciting opportunities ahead. We look forward to the Mock Interview Event on Thursday 12th November, which will give you the chance to develop your confidence and prepare for your future. There will also be a reward trip to look forward to, so continue to demonstrate positive behaviour, excellent attendance and a strong attitude to learning.

Important reminder: Year 10 boys are not permitted behind the Maths block or to gather on the pathway between the Maths Quad and the playground. The pathway should only be used as a way through when moving from one area to another.

Let's make this a positive and successful half term!

Miss Acheampong

MESSAGES FROM HEADS OF YEAR

Year 11

Welcome back to your final autumn term! I hope you all had a restful and enjoyable half-term break and are feeling refreshed, organised and ready for the weeks ahead.

As you know, your first set of **Year 11 practice exams is only around two weeks away.** The grades you achieve will play an important role in informing your predicted grades, which may be used to support your applications to sixth forms, colleges and apprenticeships. It is therefore essential that you remain focused, committed and proactive in your preparation. Please make sure you are regularly checking Microsoft Teams and speaking to your teachers to confirm your revision topics and lists. For example, the Maths revision list has been available on Teams since before half term, so I hope you have already started using it to create flashcards, practise exam questions and apply the revision strategies you have learned.

We made a fantastic start to the year during the first half term, and I want to see that same positive attitude, determination and drive continue throughout this term. Every revision session, every lesson and every effort you make now will help you move closer to achieving your goals.

A reminder: intervention timetables have changed for this half term. Please check Arbor daily to ensure you know where you need to be and when you are expected to attend.

On another note, it was such a joy to attend Garba and see so many lovely faces dressed in beautiful traditional attire, dancing with so much energy, enthusiasm, and happiness! I had an amazing time, and it was wonderful to see you all come together to celebrate the spirit of Navratri. Truly a beautiful celebration filled with culture, colours, music, and unforgettable moments! 💃

I look forward to seeing you all back in school and seeing the continued effort and commitment that will help make this a successful year.

Lastly Happiest Sweet 16 this week to: Ioana, Kaiya and Ronak!

Mrs Manandhar

Sixth Form

A huge congratulations to our nine Year 13 students who have submitted early applications for Medicine, Dentistry and Oxbridge. These are among the most competitive university pathways in the country, requiring exceptional academic achievement, commitment and preparation. We are proud of the strong applications they have submitted and wish them the very best of luck as they progress through the next stages of the process.

To all Year 13 students, we wish you every success in your mock examinations, which begin shortly after half term and run for two weeks. These assessments are an important milestone in your preparation for the summer examinations and will be followed closely by UCAS appointments. While you will be on study leave during this period, tutors and the Sixth Form team will continue to be available to provide guidance and support whenever needed.

Well done to our Year 12 students on a successful first half term in the Sixth Form. You have made an excellent start to your post-16 studies, and we look forward to seeing this continue after the break. As we move through the year, securing meaningful work experience placements remains a key priority. Continue to maintain the high standards you have set yourselves so far, as the experiences and achievements you build this year will help your future university and apprenticeship applications stand out, just as our current Year 13 students' applications do today.

Mr Clarke

Well Done to our GCSE Dancers

On Friday 16th October, the Main Hall was filled with music and movement as Year 11 Dance students spent the day rehearsing and then being assessed on their performances. We were so impressed with all of their hard work and dance routines. Well done!

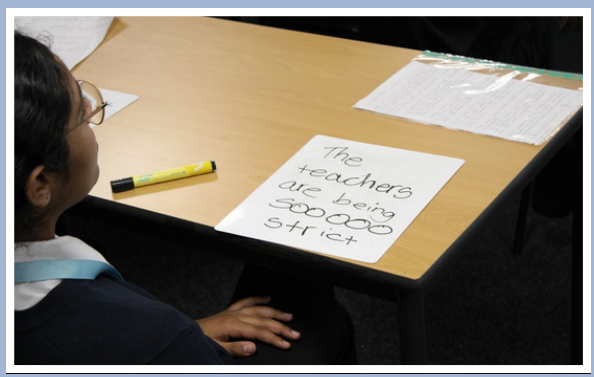

Year 7 Silly Poetry Workshop

Year 7 students enjoyed a funny and engaging poetry workshop with Miss Kadiri where they explored famous poet Michael Rosen's poetry challenge to write a poem about 'Silly School Stuff.'

Students explored the funny things that happen at school and the different personalities you find in a classroom. Then they have hilarious performances of the poems they wrote.

Talk Money Week

Talk Money Week is the annual campaign to get people across the UK talking about money.

It's an opportunity for everyone to get involved with events and activities that help people start the conversation about money – from pocket money to pensions.

Many of your lessons this week will focus on money skills, understanding bank accounts and seeing how much you already know about saving money and spending responsibly.

Did you know?

- The skills we need to manage our money begin to develop between the ages of three and seven.
- Young people who recall learning about money at school are more likely to have good money habits and feel confident managing their money.
- More than one in five young people aged 14 to 17 feel anxious when thinking about money.

e-Scooters: Rules About Use in the Local Community

A Letter from our local MP:

Many young people may not realise that, despite being widely available for purchase, **privately owned e-scooters are currently illegal to use on public roads, pavements, cycle lanes, parks and other public spaces.**

As a result, **they may only used on private land with the landowner's permission.** Many people understandably assume that because e-scooters are sold openly in shops and online, they can be used legally in public. Unfortunately, this is not the case.

The potential consequences of riding a private e-scooter illegally include:

- Immediate seizure of the e-scooter by the police.
- A minimum £300 penalty and six penalty points for riding without insurance.
- Penalty points being placed on your driving record - even before you get a driving licence.
- Responsibility for injuries or damage caused in the event of a collision.
- In some cases, prosecution and a resulting criminal record.

While rental e-scooters are permitted in certain trial areas (subject to strict conditions), this exceptions **does not apply** to privately owned e-scooters.

Kind regards,

Bob Blackman CBE MP
Member of Parliament for Harrow East

FREE THINGS TO DO

Rooms Through Time
Dive into four centuries of home life and the evolution of real London dwellings from 1630 to 2049, encountering the stories that constitute our shared history. Discover homes, personal stories and objects reflecting the lived experiences of our London communities: past, present, and future.

Our Rooms Through Time explore how furniture, textiles and decor have affected our ways of living at home through the ages, from the wooden interiors of the 1630s and Victorian floral motifs to mid-twentieth-century geometric designs and speculative visions of a future home. They present a variety of spaces and families in the home. The early rooms show the main living area of prosperous and middle-class families. Our newer rooms expand the view of home to include other ways of living and illustrate how homes havechanged from 1878 through to 2049.
