

## PARK HIGH SCHOOL

22 July 2021

Dear Parents / Carers

As this academic year comes to a close I think we are all looking forward to returning to a more normal lifestyle. The last 2 academic years' have been times that have changed lives all over the world and been challenging to say the least.

Our young people have taken it all in their stride and shown how amazing they can be regardless of what is thrown at them. I would like to take this opportunity to thank all of our young people for dealing with the challenges that they have faced and their parents and carers, who have in some cases have had to deal with home schooling and become teachers.

None of us know what is in the future and what it holds for the young people who have had their education so disrupted but what I and my fellow governors do know is that the staff at Park High will do their best to maximise the experience for all students so they leave school and go onto their next stage of life.

I would like to thank all parents and carers for supporting the school during these time and hope that you all continue to do so.

I hope that you all have a wonderful summer break and come back fresh and rested for the new academic year. To those of our young people leaving us for pastures new, the best of luck for the next stage in their lives.

We hope to see you in September and in the meantime stay safe and have a good break.

With best wishes,

Sangita Patel  
**Chair of Governors**
