Dear parent/carer

Have your say on the future of School Streets

The School Street outside Park High School has been in operation for just over a year, have you noticed any changes since it has been in place?

School Streets were developed in Harrow to create safer and more pleasant environments outside schools, as well as safe spaces to help social distancing during the pandemic.

School Streets create vehicle-restricted zones near or around schools during drop-off and pick-up times. The traffic signs at the start of the School Streets inform drivers of the restrictions.

Harrow Council is consulting about the future of School Streets and as a regular user of the scheme, we would like to know what you think.

Take part in the consultation, at any time from **Monday 18 October to Sunday 7 November**, to share your views on School Streets and tell us if they should be made permanent or not.

You can see the full details about the School Street and respond, by visiting our dedicated consultation page at www.harrow.gov.uk/schoolstreetsconsultation and completing the online survey.

If you would prefer a hardcopy of the questionnaire, please call 020 8863 5611, and follow the prompts for School Streets. All hardcopies must be received by the Council no later than 7 November 2021.

Your views are important to us, so please take part and have your say on School Streets.

Thank you.
